

Le figurine

Andrea e Paolo giocano con 9 figurine.

Alla fine del gioco, Andrea ha 5 figurine.

Sai dirmi quante ne ha Paolo?

Disegna nei cerchi le figurine di ogni bambino.

The frame contains a large oval at the top containing 9 small squares arranged in three rows: the first row has 3 squares, the second row has 4 squares, and the third row has 2 squares. Below this oval is the text "tutte le figurine". At the bottom of the frame are two empty circles. To the left of the first circle is a drawing of a boy, and below it is the text "figurine di Andrea". To the right of the second circle is a drawing of another boy, and below it is the text "figurine di Paolo".

- **Chi ha più figurine Andrea o Paolo?**

- **Quante di più?**
